FEATURE SPEAKERS

HONEYWELL'S SCOTT MCDONALD (Product Specialist) & PRO KONTROL'S BRETT FREEMAN (Branch Manager)

Energy is expensive, and it is only going to get more expensive in the future. There are many rebates offered by your local utility that can help you save energy today and into the future. Pro Kontrol is an HVAC/R technical Wholesaler which provides support for many of these energy efficient products. One of Pro Kontrols' preferred parts and solutions provider is Honeywell. Scott McDonald of Honeywell will be presenting real strategies that you can use to take advantage of these rebates.
